

Clinical Record Summary — Prior Authorization Appeal

Stonebridge Health Partners | Case Reference: APL-2026-00312

Member ID	MBR-778241	Date of Birth	1958-03-14
Member Name	Eleanor R. Whitfield	Plan	Empire Advantage PPO
Requesting Provider	Dr. Aisha Kapoor, MD (Cardiology)	NPI	1487260039
Facility	Stonebridge Cardiac Care Center	Date of Service	2026-08-02

Diagnosis

ICD-10	Description
I50.22	Chronic systolic (congestive) heart failure
I48.91	Unspecified atrial fibrillation

Treatment History

Date	Encounter	Notes
2026-05-11	Office visit	NYHA Class III symptoms; started sacubitril/valsartan
2026-06-22	Follow-up	Persistent dyspnea on exertion; echo EF 32%
2026-07-30	Cardiology consult	Recommended cardiac resynchronization therapy (CRT-D) implant

Clinical Justification

Member continues to exhibit NYHA Class III heart failure symptoms despite three months of guideline-directed medical therapy, with a measured ejection fraction of 32%. Per current cardiology society guidelines, CRT-D implantation is indicated for patients with LVEF $\leq 35\%$, NYHA Class III symptoms, and QRS duration $>150\text{ms}$ with LBBB morphology (confirmed on 2026-07-30 ECG). The prior authorization for CRT-D implant (CPT 33249) was denied on 2026-08-05 citing insufficient documentation of guideline-directed medical therapy duration. This appeal submits the complete medication titration record above in support of medical necessity.

Requesting Physician

Dr. Aisha Kapoor, MD — Board Certified Cardiologist — Stonebridge Cardiac Care Center
